

Dr Michael Osborn
MBBS, FRACP, FRCPA

Dr Michael Osborn is a consultant haematologist, whose interests include haematological malignancies, stem cell transplantation, and optimising the management of adolescents and young adults with cancer.

He initially trained in paediatric haematology and oncology in Adelaide, prior to gaining further experience in paediatric and adult stem cell transplantation in Bristol, UK.

Michael returned to Adelaide to complete training in laboratory and clinical haematology at SA Pathology and the Royal Adelaide Hospital. He also worked as the clinical leukaemia research fellow at SA Pathology, before becoming a fellow of both the Royal Australasian College of Physicians and the Royal College of Pathologists of Australasia in 2010.
